The Lynden Floor Plan

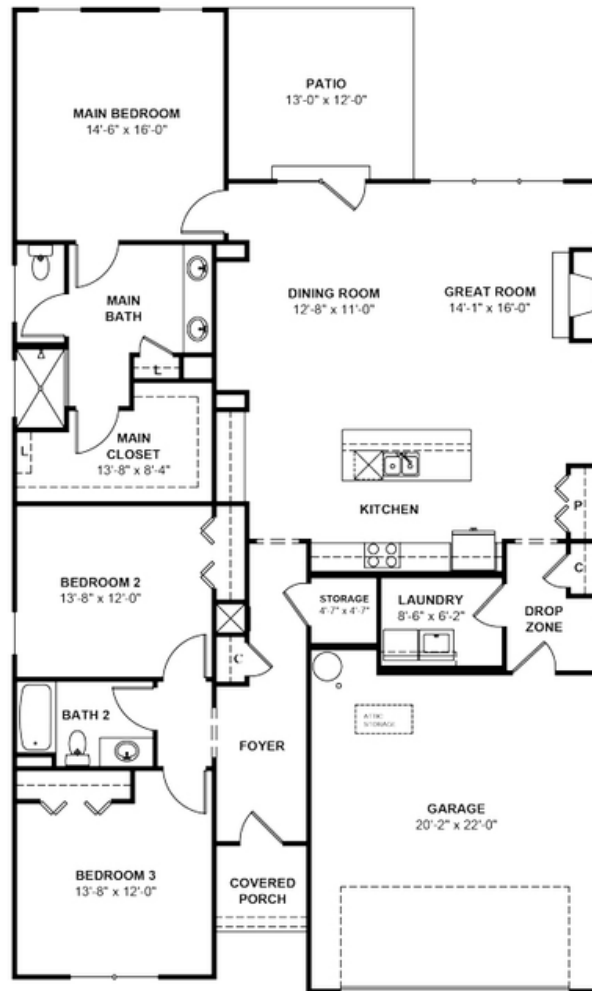

There's a reason **the Lynden** has been selected to be one of our furnished model homes more than once. A large foyer opens up to a stylish dining room for entertaining and a first floor half bath for guests. The kitchen is a gastronaut's dream and strikes a perfect balance between spacious and cozy with an eat-in kitchen, closet pantry, and a large butler's pantry. Whether you're handling weekly meal prep like a boss or savoring a well-earned glass of wine after a long day, you'll be amid the energy of the great room activity and never miss a moment of Sherlock.

Just off the kitchen and living area is a first-floor guest room and full bath – perfect for visiting friends and family to feel at home. A huge drop zone between the garage and great room serves as a collection area for muddy shoes, kids backpacks, grocery unloading area or a pet area.

The Waldens Ridge Floor Plan

An airy single level home merging of beauty and function, **the Waldens Ridge** is a straightforward three bedroom, two bath home that offers thoughtful space planning perfect for modern-day lifestyle priorities.

The Main Bedroom is located as a retreat at the rear of the home close to the patio – perfect for enjoying morning coffee or a convenient trek to let your four-legged friends out. The en suite is a spacious oasis of self-care with plenty of room for either a built-in or freestanding tub perfect for evening quiet time and aromatherapy.

The second bedroom and a third “flex” space that can be used as a 3rd bedroom or study/office. 2 Full baths, and a walk-up storage area complete this quintessential “jewel-box” of a home.
